Subject: More info needed on BDCP Weekly entry

Importance: High

Can someone please beef up this Weekly Report entry to provide a bit more background and focus of this meeting? I'm not sure who "I" is. Thank you!

BDCP: Kathleen Johnson and Jane Diamond are tentatively scheduled to be in Sacramento on 10/29 for a policy-level meeting to discuss the California Department of Water Resources' proposed Resolution Process and key policy issues related to EPA's comments NEPA review comments on the Bay Delta Conservation Plan. The lead federal agencies for the project, including the National Marine Fisheries Service and Department of Interior, are also slated to attend.
